LIST OF ALL CONTRIBUTORS		
SN	**NAME**	**CONTRIBUTION**
1.	ONOME	1. I think monthly is fine 2. And on our branded shirts and shorts 3. Jogging....is ok to me. 4. Last Saturday is perfect, no state sanitation
2.	KENNY	1. The Branding is a very bright idea. I've been wanting to actually bring this up one of these days. 2. Monthly gathering is also my position. It's an avenue to create bonding as well. 3. Where applicable, besides Jogging and other various light exercises, we could spice the day's activity with other sports like: Football (2 or 3 a side) and Table Tennis. 4. Some unavoidable task may fall on the last Saturday in some cases. 5. My suggestion would be to hold in on a Saturday, based on availability NOTE: Please let's consider the health status of each participants before the activities begin. We shouldn't force ourselves to participate.
3.	JIL SOLOMON	1. The exercise should be monthly. It could be the last Saturday of the month 2. Any of those listed locations is OK, maybe the stadium could be safer. 3. A branded T -shirt is a wonderful idea, it will go a long way in promoting or advertising the company 4. Are all going to engage in the same activity, what time would it always be? (I think this is my only concern for now) Sokoto 1. Monthly 2. we can look for somewhere we can use around here, if we should make use of gym, we will need to pay for each person, I think it's 500 /1000 per head. 3. Branded T shirt would make a lot of sense but mofty could be considered too because of the intense heat during heat seasons 5. Same concern as stated above. Any other concerns will be passed across later... 6. The last Saturday of the month is OK for Sokoto.

4.	JULIUS	1. I will suggests last Saturdays of every month for the exercise. 2. Starting point of course can be area1 as suggested by the MD. 3. Branded MBR T-shirt also is vital for promotion. I am in support
5.	MUYIWA	1. I would say it should be done quarterly so that in can be consistent because of our work schedules. 2. Branded t shirt is a wonderful idea 3. It's should exercise that will make u move well like jogging, swimming if possible etc.
6.	STEPHEN	1. once in two month 2. I suggest different activities (jogging, footballing, table tennis etc.) per month which be agreed upon ahead of time and starting point/location may not be static but should agree ahead of time. 3. Branded T-shirt will make a lot of sense. 4. we should bear in mind there is most likely to be financial implementation however small it maybe depending on which sporting activities
7.	AKINBAMI BABATUNDE	1. I think once a quarter will be better so that it does not look it's flavour easily 2. Definitely branded shirts should be worn 3. A good slogan should be coined for it 4. Starting and finishing points can be changed per quarter
8.	TAYO IDOWU	1. Using branded T-Shirt is ok but I think we can start with individual sport wear and as times goes on we can introduce the branded T-Shirt 2. I will suggest last Saturday of every month except there are divergent opinions
9.	SAMSON	1. Quarterly for the jogging with the branded T-shirt. Last Saturday of the 3rd Month. 2. Every Month, we should be wearing the branded T-shirt to work on one of our dressed down day (Last Thursday/Friday of the Month)
